

SKYCAN motion

MALLORCA DIVISION

The “Mallorca Division” of SkyCAN Motion[®] serves as the company’s base in the Balearic Islands and acts as its local branch in the region, operating in coordination with SkyCAN Motion’s main headquarters in the Canary Islands.

We combine deep local knowledge with strong technical expertise, working closely with trusted partners across the island to ensure seamless execution on every shoot.

Our approach is simple: understand each production’s needs and integrate efficiently within the team, delivering smooth, precise, and reliable results on set.
